

**SUNNIE AND JIM'S:
SURSEOIR 2**

SO IT WAS FOR NO ONE TO SEE

I was calling out
to that which I know
as I went though many obstacles
so I went from one to the other
everyone knew that I am gone
and now know so too
but I find that I am here still
so not to be forsaken
there is nothing to see
so I am free
forget about that
which others know
I am not that which
they are
I can offer nothing
for there is nothing
to give
nothing to see
nothing to feel
and nothing that
cannot fly away
I can never be
without that which is
not or cannot
ever be
and so I cannot
ever say that which is
for that which is can
never be
so I am
free
to . . .

WAKE-UP

When you utilize
another's view
you only see
through that,
this is
for those who
do not know
seeing through.

DO WHAT YOU NEED TO DO!

When you ask
someone to do something
you are only as good
as what they know
and can do.

“WITH YOU ALWAYS”

She was there for a moment
I called to her
all she wanted was for someone to love her
I did
we were always together
so we took to the future
forgetting all the rest
she was always in the moment
and still is.

DIMENSIONAL WHICH

I always wondered
what it is like
to be on
the other side
now I realize
that I am.

THE EASY WAY

Enter
the
Exit.

DIMENSIONAL EXIT

Going in the exit
you are in
the out
when you are out
you are in
going out
the exit
you are in.

LIVING AND DYING

Finding my way
loosing my way
with
and
without
the Sun
Living the Light
Dying at Night
I will never loose her;
always knowing
she will be there
I am here
she is there
and she is
here when
I need her.

SUN AND SUN
Sunnie and Suncrates

They so graciously found
that there is only one
and that is the Sun
so they worked together
an integral one
and had some fun.

NOT WHY
IT IS WHAT AND HOW

If the human being ever
comes to the understanding
that it is not causes
it is the experience
of the phenomenon
which takes one beyond
the why
to the what and how
which allows
the why to emerge naturally
it will advance.

So forget about asking why
we do not know why it is
until we know what it is,
let it emerge!

SANDI SANDI
THERE IS SO MUCH TO SEE

There is so much that appears
but beyond that
there is much to see
for those of us that are free
so you see I will tell you
that which
all really see
you have weathered
much storm
and that is beyond
so you have
to see what
and the experienced
that which
others will never experience
which is best
not to so
that what they need to see
and understand that which you be,
so sound, so great, so intelligence and so much fun,
you people admire.

In the Abyss
there is no

NO HOPE

There is nothing else
the woman
I love ever so much;
Just to put it plain
I cannot stand the pain.

ONENONEPUN

If
there is
only one
there is
none
there is
nothing
to relate to.

SHE LIVES IN ME

She is my guide
my teacher
I was taught
that it is possible
to be
better than you dream
she told me
and showed me
it was possible
and helped me be
you see.

EXISTENTIAL DIRECTION

When the time is near
you know
when there is nothing
left
but
a glimmer
of light
from
the Sun
you go
that direction.

FINITE MEANING

There is meaning
in the finite
otherwise
it would not
be so
in the interlude
before
the shift
there is none.
